

## SPACE REQUIRED FOR PUBLIC WORK

Major Richard Sylvester Reports to District Commissioners.

### TWO CELL ROOMS ADVISABLE

Needs of District Assessor Darnelle—Requires Eleven Rooms in Which to Attend to Business of His Department—The Requests in Detail.

Major Richard Sylvester, Major and Superintendent of the Police Department, and Mr. H. H. Darnelle, the Assessor of the District, yesterday submitted to the District Commissioners estimates of the amount of space that will be required for their respective departments in the new Municipal Building. Major Sylvester's communication is short, and simply states that for the accommodation of his force twenty-three rooms will be required. He further suggests that it would be advisable to provide two cell rooms in the basement of the building for the detention of prisoners.

Assessor Darnelle elaborates upon the requirements of his office and shows in detail the manner in which he desires to make use of the 15,000 square feet of space that he makes requisition for.

Major Sylvester's letter is addressed to Commissioner Ross, who is in charge of the affairs of that department, and reads:

#### Major Sylvester's Requirements.

"Referring to the order of the Honorable the Commissioners of July 5, herewith attached, I have to state that the following rooms will be necessary for the performance of the work of the Police Department in the new Municipal Building:

"One room for the Major and Superintendent of Police.

"One small anteroom for stenographers.

"One room for the captain and assistant to the Major and Superintendent.

"One room for three captains and permit clerk.

"One room for the chief, also property clerk.

## FINAL PAYMENTS FOR HIGH SCHOOL BUILDING

Work Completed on McKinley Manual Training.

District Commissioners Approve Recommendation of the Inspector of Buildings.

The work of completing the erection of the McKinley Manual Training High School building, at the corner of Seventh Street and Rhode Island Avenue northwest, having been completed to the satisfaction of the Inspector, the Commissioners of the District have approved the recommendation of Mr. Snowden Ashford, Inspector of Buildings, that vouchers be prepared for final payment to Mr. W. E. Speer, the builder and contractor.

#### Contract Expired in March.

In his letter to the Commissioners, however, Mr. Ashford states that "prior to the preparation of said vouchers, I beg to report that the contract expired March 24, 1902, and that the last report of the superintendent on the work connected with Mr. Speer's contract at this building was made June 19, 1902, and the building was regarded as completed on that date."

#### Waive the Penalty.

"In the specifications, under paragraph 'time of work,' provision is made for damages and a penalty of \$20 per diem for each day after the expiration of contract until the completion of the work, but as considerable work yet remains to be done in the order of equipment and installation of power and heating plant and the erection of stock not in Mr. Speer's contract, it would seem but reasonable to infer that the building could not have been put in condition for occupancy prior to next September 1, could, therefore, recommend that the penalty be waived and that the superintendent, at \$4 per diem, from March 24 to June 10, 1902, be charged against the contract."

#### HEALTH OFFICE RECORD.

##### Deaths.

The following deaths were reported to the Health Office during the twenty-four hours ending at noon yesterday:

Charles D. Welch, 82 years.  
Harriet B. Blanchard, 80 years.  
Mary Barrett, 73 years.
